Document number ADS -07
Revision 2
Effective date 20.02.2025
Review date June 2026

Description: Paprika PP 3500 CU is a red viscous liquid derived from the extraction of the sweet pepper variety Capsicum annuum L pods and stabilised in propylene glycol and polysorbate 80.

Use: Paprika PP 3500 CU provides a dark red to orange shade. This food colourant is widely used in various applications such as meat products, food coatings, popcorn oil, orange juice, spice mixtures, sauces, sweets, and cheese. Not for direct consumption, used as an ingredient. Paprika PP 3500 CU is oil soluble and water soluble.
